

**HELP TO BUILD A FUTURE WITHOUT POVERTY:  
FUNDRAISING FOR TOYNBEE HALL**

## About Toynbee Hall

**We are all capable of making change happen. The smallest action can help to make the biggest difference, and together, we really can change lives.**

Toynbee Hall works on the frontline in the struggle against poverty. Based in Tower Hamlets in the East End of London, we give some of the UK's most deprived communities a voice, working with them to tackle social injustice and providing access to free advice and support to those who most need it.

We work with around 14,000 people directly each year, and a further 23,000 people across London through our supported services, including older people who are facing economic struggle and social isolation; families consumed by debt; people requiring free legal aid; migrant women who remain isolated in their communities due to language barriers; and young people struggling at home and at school.

The need for Toynbee Hall's services is as great as it ever was, and with your help, we can support even more people to create better futures for themselves, their families and their communities.

**Together, we can work towards a future without poverty.**

## The difference you can make

Facing a vulnerable and isolated future, Manny returned to Toynbee Hall for support, 80 years after he first visited us as a young man.

This year, Manny celebrated his 100<sup>th</sup> Birthday with us. He has had a long connection to Toynbee Hall but was introduced to our Wellbeing Centre by our outreach workers.

He now visits regularly and has joined the Members Steering Group. While we help him to stay healthy, he also helps to direct the way our services are run.

*"It's my social life [...] I don't know what I would do if the Wellbeing Centre wasn't here."* Manny, Wellbeing Centre User
